

# Financial Edge NXT

Intuitive Cloud Accounting for Nonprofits

## Blackbaud's latest wave of cloud innovation is here.

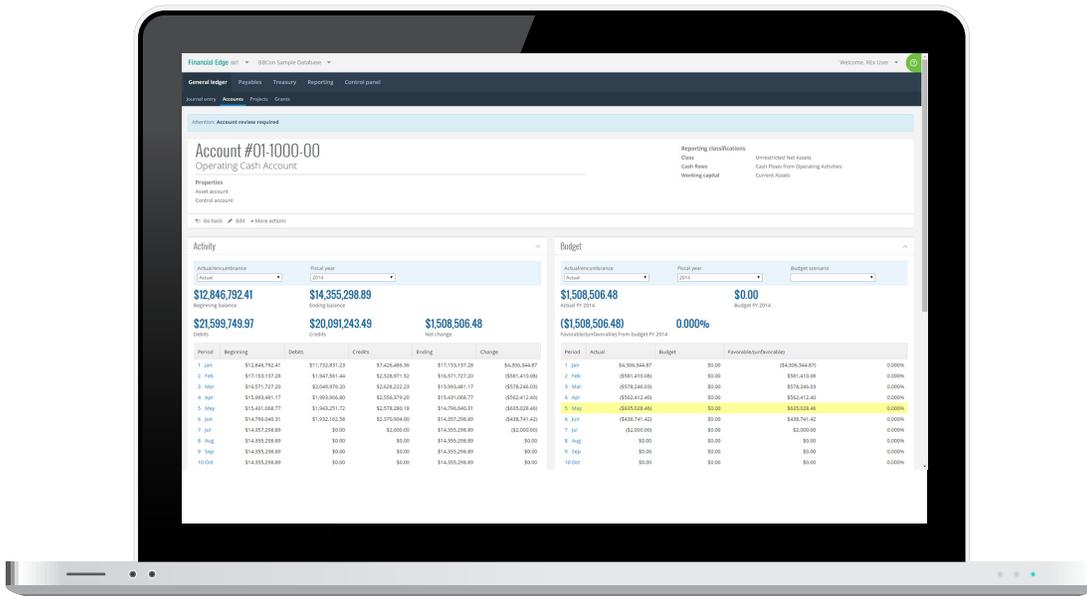

Backed by more than 30 years of research and development, Blackbaud has helped thousands of nonprofits with powerful solutions that help them achieve their purpose. Now, with Blackbaud's NXT solution line, you have access to the industry's most advanced, fully integrated cloud suite designed exclusively for nonprofit organizations. No other nonprofit cloud solution can match the intelligence, accessibility, performance, and user experience the NXT solution line delivers—all with dramatically reduced IT and third-party costs, hassle-free upkeep, complete security, and the world's largest support network.

## This is the game-changer you've been waiting for.

**Financial Edge NXT** is the first-of-its-kind cloud accounting solution for nonprofits that's intuitive, fully integrated, and built exactly the way nonprofits want it. It is advanced technology with powerful reporting tools to help your accounting team drive transparency, stewardship, and compliance while enabling you to seamlessly manage transactions, eliminate manual processes, and more. It gives you the power of three decades of ideas and best practices, combined with the experience and strength only Blackbaud can offer. And it comes to you on one cloud platform that's fast, secure, and delivers automatic enhancements every one to two months.

“We're in a position now with Financial Edge NXT to provide reporting needed to make funders comfortable with how they're donating their money. It's everything that we have hoped for. It's so much easier, so much more efficient.”

— Julia Kennard,  
CFO,  
EdVenture Children's Museum

Financial Edge NXT pulls together your processes and people to move your entire mission forward, including:

#### Relationship Management

- **Real-time accessibility** from any device with an Internet connection
- **On-demand visibility** into information that keeps you responsive to colleagues and other stakeholders

#### Information and Financials

- **True fund accounting** with general ledger, projects, grants, endowments, accounts payable/receivable, fixed assets, banking, and more
- **Role-based security** that lets you determine who can interact with your data, records, reports, and processes
- **An intuitive, personalized dashboard with customizable views** to closely monitor income statements, program-to-expense ratios, cash balances, and other key metrics
- **Elimination of manual and duplicative data entry processes** to save you time and promote data accuracy
- **The ability to track and manage multiple budget scenarios** to assist with modeling and analytics
- **Flexible views**, like the ability to segment information for internal and external use
- **Powerful real-time reporting**, including more than 100 built-in reports to empower timely, data-driven decisions
- **One-click drill-downs and easy exports to Microsoft Excel®** to save you time

#### Fundraising

- **Data views and analytical capabilities** to help you identify funding opportunities, trends, and risks
- **Interfaces with Raiser's Edge NXT™** and other Blackbaud fundraising and relationship management solutions

#### Programs

- **Efficient grant and project accounting** to help you budget, monitor, and report with confidence
- **Restricted gift and fund tracking** to help you stay on top of funder requirements and identify at-risk initiatives
- **Automated allocations** to help you better manage overhead expense with less effort

### Skip the learning curve.

As a valued Financial Edge™ customer, we want to make the transition easy for you. While Financial Edge NXT is built on a new platform, it leverages constituent data stored in Financial Edge. This means you can **easily transition to Financial Edge NXT with zero conversion or functionality loss**. Talk to your account representative today to learn more about how you can be up and running in no time!
